

Exercise 2 Create a NUTS statistical map

Input Data: Exercise2\input\Exercise2_data.xlsx
 Exercise2\input\Exercise2_text.txt

Expected Outcome: You will learn how to create a publication quality statistical map using an example from the Eurostat regional yearbook and save it with a configuration for further adaption.

Tasks:

- 1) Start Image at <https://gisco-services.ec.europa.eu/image> in your Browser.
(If in IMAGE already, refresh using F5)
- 2) Go to Add Data  and load the Exercise2_data.xlsx file
- 3) Select map template and choose “A4 EU EFTA & UK”

With overseas NUTS regions

- 4) Leave the colour scheme as the default for now

- 5) For this exercise User defined class breaks rather than the default classification is required.  In the class breaks dialogue select the “User defined” option Add the values indicated, the left hand column is the class break, the right hand is the text that will be displayed in the legend.

Method: ☐ Quantile ☐ Jenks natural breaks ☐ Equal Interval ☒ User defined

Choose number of classes

Number of classes: 6

Define class break values

Include value in class ☐ Break values Legend labels

Break values	Legend labels
92	≥ 92
87	87 - < 92
81	81 - < 87
76	76 - < 81
70	70 - < 76
	< 70

- 6) In Edit text , add (copy) the texts from Exercise2_text and choose the Commission logo if you have logged in with your ECAS account.

Edit title and text

Map title	Daily internet users, 2018	
The main title of your map	Eurostat	
Map subtitle	Eurostat Web	
(% share of people aged 16 and over)	European Court of Auditors	(survey, by NUTS 2 regions)
Sub title located right below the main title	European Investment Bank	
Measurement unit	European Ombudsman	
Will be displayed right below the subtitle	European Union External Action Service	
Legend title	European Data Protection Supervisor	
EU-28 + 76	European Central Bank	
Will be displayed above the legend	Council of Europe	
Footnote	European Economic and Social Committee	
Note: Germany, Greece	European Court of Justice	statistical regions level 1. Serbia: national data. Italy and Switzerland: 2017. Corse (FRM0) and Mellersta Norrland (SE32): low re
Give additional information	European Committee of the Regions	
Data source	Council of the European Union	
Source: Eurostat (online)	European Parliament	
Provide information from which the data is taken	European Commission	
Logo	European Commission	
Include logo		

The logo option is not available to general users

- 7) Save (download)  the map both as **PDF and configuration** file to the Output folder under Exercise2/Output. Give it a meaningful name (e.g. Date, Project) in "Enter file name" so you can identify it afterwards.
- 8) **Reset the map by pushing F5 or the**  **icon** (the latter remembers the template chosen so you do not have to choose it again)
